CONFERENCE ANNOUNCEMENT

AND CALL FOR PAPERS

7th International Conference on
Enterprise Information Systems

Miami, USA
24-28 May 2005

ORGANIZING COMMITTEE
Chin-Sheng Chen, Florida International Univ., USA (Conference Co-Chair)
Joaquim Filipe, E.S.T. Setúbal, Portugal (Conference Co-Chair)
Isabel Serves, Universidade Portuguese, Portugal (Program Co-Chair)
José Cordteiro, E.S.T. Setúbal, Portugal (Program Co-Chair)

PROGRAM COMMITTEE
Luís Amaro, University of Minho, Portugal
Peter B. Andersen, Univ. of Aarhus, Denmark
Ricardo Baeza-Yates, University of Chile, Chile
Jean Bezivin, University of Nancy, France
Enrique Bonson, University of Huelva, Spain
João Alvaro Carvalho, University of Minho, Portugal
Albert Cheng, Univ. of Houston and Rice Univ., USA
Helder Coelho, FC - University of Lisbon, Portugal
Jan Dietz, Delft Univ. Technology, The Netherlands
Frank Dignum, Utrecht University, The Netherlands
Antonio Figueiredo, University of Coimbra, Portugal
Goran Goldkuhl, Linkoping University, Sweden
Thomas Greene, MIT, USA
Nuno Guimaraes, University of Lisbon, Portugal
Alberto Laender, Federal Univ. of Minas Gerais, Brazil
Maurizio Lenzerini, Univ. La Sapienza of Rome, Italy
Michel Léonard, University of Geneve, Switzerland
Kalle Lytinen, Case Western Reserve University, USA
Yannis Manolopoulos, Aristotle U. Thessaloniki, Greece
José Légerbeaux Martin, New Univ. Lisbon, Portugal
Masao Matsumoto, University of Tsukuba, Japan
James Odell, James Odell Associates, USA

PREVIOUS ICEIS

VENUE
The venue of ICEIS 2005 will be at Deauville Beach Resort, in Miami Beach FL, USA. Located on the beach at 67th and Collins Avenue, 20 minutes from Miami Intl Airport and 30 minutes from Ft. Lauderdale Intl Airport.Surrounded by water. Gifted with a skyline of the Atlantic Ocean to the east, Charmed and intrigued by the thrill of Miami to the west. Nestled in the Art Deco District, and a neighbor to the Shops at Bal Harbour.

KEYNOTE SPEAKERS
ICEIS 2005 will count with the presence of several distinguished invited speakers as in previous years. Previous ICEIS invited speakers are listed on http://www.iceis.org

SPECIAL SESSIONS
There is an open invitation to submit special sessions proposals, dedicated to some specialized theme. Please see details on how to submit a special session proposal at http://www.iceis.org/special_sessions.htm

IMPORTANT DATES
Full Paper Submission: 29th October 2004
Position papers submission: 15 November 2004
Author Notification: 20th December 2004
Workshops Submission: 29th December 2004
Final Submission and Registration : 31st January 2005

ORGANIZATION SECRETARIAT
Any inquiries should be addressed to the secretariat secretariat@iceis.org

Hosted and co-organized by
Florida International University

http://www.iceis.org
The purpose of this 7th International Conference on Enterprise Information Systems (ICEIS) is to bring together researchers, engineers and practitioners interested in the advances and business applications of information systems. Five simultaneous tracks will be held, covering different aspects of Enterprise Computing, including Databases and Information Systems Integration, Artificial Intelligence and Decision Support Systems, Information Systems Analysis and Specification, Software Agents and Internet Computing and Human-Computer Interaction. ICEIS focuses on real world applications therefore authors should highlight the benefits of Information Technology for industry and services. Ideas on how to solve business problems, using IT, will arise from the conference. Papers describing advanced prototypes, systems, tools and techniques and general survey papers indicating future directions are also encouraged. Papers describing original work are invited in any of the areas listed above. Accepted papers, presented at the conference by one of the authors, will be published in the Proceedings of ICEIS. Acceptance will be based on quality, relevance and originality. There will be both oral and poster sessions.

Papers should address one or more of the listed topics, although authors should not feel limited by them. Unlisted but related topics are also acceptable.

**SCOPE**

**AREA 1: Databases and Information Systems Integration**
- Coupling and Integrating Heterogeneous Data Sources
- Enterprise Resource Planning
- Middleware Integration
- Legacy Systems
- Organisational Issues on Systems Integration
- Distributed Database Applications
- Object-Oriented Database Systems
- Enterprise-Wide Client-Server Architecture
- Database Security and Transaction Support
- Data Warehouses
- Multimedia Database Applications
- Web Databases
- Mobile Databases
- Software Engineering
- Software Measurement

**AREA 2: Artificial Intelligence and Decision Support Systems**
- Intelligent Agents
- Industrial Applications of Artificial Intelligence
- Strategic Decision Support Systems
- Group Decision Support Systems
- Applications of Expert Systems
- Advanced Applications of Fuzzy Logic
- Advanced Applications of Neural Network
- Natural Language Interfaces to Intelligent Systems
- Bayesian Networks
- Evolutionary Programming
- Coordination in Multi-Agent Systems
- Intelligent Social Agents and Distributed Artificial Intelligence Applications
- Intelligent Tutoring Systems
- Data mining
- Case-Based Reasoning Systems
- Knowledge-based Systems Engineering
- Knowledge Management

**AREA 3: Information Systems Analysis and Specification**
- Systems Engineering Methodologies
- Information Engineering Methodologies
- Organisational Semiotics
- Semiotics in Computing
- Requirements Analysis
- Ontology Engineering
- Modelling Formalisms, Languages, and Notations (e.g. UML, ER variants)
- CASE Tools for System Development
- Modelling of Distributed Systems
- Modelling Concepts and Information Integration Tools
- Groupware and CSCW Systems Specification
- Business Processes Re-engineering
- Security, Freedom and Privacy

**AREA 4: Software Agents and Internet Computing**
- B2B and B2C Applications
- Process Design and Organisational Issues in e-Commerce
- E-Procurement and Web-based supply chain management
- Market spaces: market portals, hubs, auctions
- E-Learning and e-Teaching
- Intranet and Extranet Business Applications
- Agents for Internet Computing
- Agent-Oriented Programming
- Web Information Agents
- Case studies on Electronic Commerce
- Public sector applications of e-Commerce
- Interactive and Multimedia Web Applications
- Network Implementation Choices
- Object Orientation in Internet and Distributed Computing
- Internet and Collaborative Computing
- Wireless and mobile computing
- Semantic Web Technologies

**AREA 5: Human-Computer Interaction**
- HCI on Enterprise Information Systems
- Functional and non-functional Requirements
- Internet HCI: Web Interfaces and Usability
- Design Methodology and Cognitive Factors in Design
- Multimedia Systems
- Machine perception: vision, speech, other
- Virtual Reality and Augmented Reality
- Intelligent User Interfaces
- User Needs
- Human Factors
- Accessibility to Disabled Users
- Geographical Information Systems
- E-Learning
- Computer art

**TOPIC AREAS**

**AREA 5: Human-Computer Interaction**
- HCI on Enterprise Information Systems
- Functional and non-functional Requirements
- Internet HCI: Web Interfaces and Usability
- Design Methodology and Cognitive Factors in Design
- Multimedia Systems
- Machine perception: vision, speech, other
- Virtual Reality and Augmented Reality
- Intelligent User Interfaces
- User Needs
- Human Factors
- Accessibility to Disabled Users
- Geographical Information Systems
- E-Learning
- Computer art

**CASE-STUDY SESSIONS**

Special sessions, dedicated to case-studies and commercial presentations, as well as technical tutorials, dedicated to technical/scientific topics, are also envisaged: companies interested in presenting their products/methodologies or researchers interested in holding a tutorial are invited to contact the conference secretariat.

**BOOK**

A number of papers from ICEIS 2005 will be selected to be published in a book by Kluwer Academic Publishers.
